

DISTANCE APPROX:
4.3 km / 2.7 miles

GRADIENT:
Mostly easy, some steep steps and uneven paths. There are a number of 'kissing gates' and narrow bridges between the fields.

UNDERFOOT:
Fields and river bank, sometimes muddy. The Waterworks Bridge has metal grilles underfoot.

PUBLIC TOILETS:
Available at Woodies Café in Crook O'Lune car park (limited opening hours).

REFRESHMENTS:
Woodies Café in Crook O'Lune car park (limited opening hours).

Walk 3

Around Crook O' Lune

This dramatic stretch of the river offers wonderful views of the Lune Valley whilst being a leisurely and relaxing route.

Crook O'Lune

KEY: L: left · R: right · SA: straight ahead or straight across · FP: footpath · BW: bridleway

1 START CROOK O'LUNE CAR PARK

Leave car park past picnic tables. Turn R and follow upper path, then turn L to cross old railway bridge, now used for pedestrians and cyclists. Just after the bridge, take the slope on R down towards the river and follow the path along the river and back underneath the bridge. On the other side of the bridge the path opens out into fields. Keeping the river on your L, follow the path through these fields. **Please note** that livestock is free roaming in these fields so please keep dogs on a lead.

2 WATERWORKS BRIDGE 2.2 KM / 1.4 MILES

Having walked for approx. 1 mile, you will pass a weir on your L, then shortly afterwards you will reach the Waterworks Bridge. Cross this bridge and double back towards Crook O'Lune car park, keeping the river on your L, for approx. 1.3 miles. Climb steps on your R to reach the car park. **LOOK OUT FOR:** The Three Bridges – the Crook O'Lune road bridge; the former railway bridge now used by pedestrians and cyclists; and the Waterworks Bridge at the farthest point of this route.
